Bright Solutions® for SCHOOLS

*Because Clean Schools Keep Students
Safe & Healthy*

**Bright
Solutions.**

Your partner in **CLEANING & SAFETY**

You know as well as we do that clean schools keep students safe and healthy. Creating new solutions that help keep everything clean for you and your students is what makes Bright Solutions an innovative industry leader.

We understand your need for a **simplified cleaning process for your janitorial team.** As well as the importance of easy-to-understand, and innovative training solutions. With Bright Solutions, cleaning your school and training your team will be as easy as ABC...

A HP202

Our exclusive **ONE-STEP** cleaner, disinfectant, and deodorant.

Designed with schools in mind, HP202 was developed for use around students, to be tough on flu-causing germs, and efficient on your budget.

B FLEXMAX™ PACKAGING

We developed the space-saving, easy-to-use FlexMax™ Packaging for maximum efficiency with all Bright Solutions floor strippers and finishes.

With FlexMax, you can cut down on costs and waste by ensuring every drop of product is being used all while every inch of your school's floors are perfectly maintained for your students.

C PLUS™ LABEL SYSTEM

Because we truly believe your school and its students deserve the best, we offer the PLUS Label System™ on our products.

This universally-understood label system revolutionizes cleaning by combating product misuse that often leads to left-behind germs. As an added benefit to you, you'll find PLUS labels on all of our products.
