For over 20 years, **Bright Solutions** has provided the highest quality, professional grade, cleaning products to commercial facilities and cleaning professionals across North America. The Bright Solutions product line continues to evolve to meet the increasing demands for maintaining a healthy and sustainable environment. In this catalog, you will find the complete Bright Solutions chemical product line and our newest innovations in the cleaning chemical market that you have come to expect.

All Bright Solutions products meet and exceed industry compliance standards as well as the GHS label requirements. Bright Solutions products are manufactured in a state-of-the-art facility that is certified by ISO 9001 / 10001 / 14001. Bright Solutions products also meet the certification standards for UL / EcoLogo and Safer Choice, formerly DfE. You can visit www.mybrightsolutions.com for additional product literature and SDS sheets.

Visit www.mybrightsolutions.com to find a list of leading distributors across the country that are the exclusive providers of Bright Solutions products to locate the distributor in your area.

You are not just our customers. You are the biggest Bright Solutions fans and advocates. Thank you for your support! Through your feedback dealing with everyday issues in your workplace, Bright Solutions is able to continue to improve our products and identify new solutions to a constantly changing world.

The Future is Bright!

Understanding the

LABEL SYSTEM

in 4 Easy Steps:

1

Product Type

Indicates product name and usage.

2

Numbered Steps

Easy to follow numbered steps.

3

Icons

Visually show what to do in each step.

4

Icon Descriptor

Multiple languages explaining each step.

Air Care

Malodors in a commercial or business setting are more than an annoyance—they can affect the bottom line. Created to do more than just mask problem odors, Bright Solutions Air Care products eliminate and neutralize malodors at their source.

The Bright Solutions Air Care line comes in a wide variety of fragrances that don't leave behind an overpowering or "artificial" smell. Our products are designed to create a long-lasting, clean smell in the most demanding environments. Add them to cleaning solutions for increased efficiency.

FLEXMAX™ PACKAGING

FlexMax™ Packaging replaces bulky, clumsy buckets with a container that empties completely and collapses to nothing. Yet it's still durable, and portable, thanks to built-in handles. Products in **FlexMax™ Packaging** are easy to use, convenient to store, and cost efficient to ship. They're durable, lightweight, collapse down flat.

- ✓ Easy-to-use
- ✓ Durable, lightweight and collapsible
- ✓ Convenient built-in handles for easy carrying
- ✓ Reduces waste
- ✓ Uses up to 38% less storage space
- ✓ Reduces material and shipping costs
